Build the skills that crises demand

Delivered by practitioners with active field experience internationally at dunyadoktorlari.org.tr

ABOUT DDD TRAINING

Dünya Doktorları Derneği (DDD) — Doctors of the World Türkiye — has been delivering capacity building and training to humanitarian workers, public sector staff, civil society organisations, healthcare workers, universities, and corporate teams since 2015.

This catalogue presents all training modules across six thematic packages. Modules can be taken individually or as complete packages. All content is available in Turkish and English; Arabic availability varies by module.

OUR TRAINING IMPACT

“The capacity building workshop first increased the motivation of our team. We not only acquired new information — we understood where and how to use it through sharing and discussion.”

95%

of topics rated relevant to their work and life

80%

demonstrated knowledge increase in pre/post test

52%

knowledge score improvement after 6 months

100%

participant satisfaction rate

WHY DDD TRAINING?

Practitioners, not just trainers

Every DDD trainer is an active practitioner in their sector with direct operational experience in Türkiye and abroad. Our training reflects what actually happens in the field, not just what textbooks prescribe.

Context-specific and evidence-based

DDD's curriculum is built on systematic gap analysis of the Turkish humanitarian sector and international practice. Modules are aligned with international standards on IASC, Sphere, and OCHA standards while incorporating national specific legal, operational, and cultural context — so learning translates directly into better practice.

Cross-sector and multilingual

DDD trainings routinely bring together staff from diverse backgrounds in a single room. With training delivery available in Turkish, English, and Arabic, we reach teams across the full spectrum of humanitarian and social sector actors.

DELIVERY FORMATS

- Certificate programmes — multi-module pathways with assessment and DDD certification
- In-person workshops — full-day and multi-day sessions.
- Online & remote — live virtual delivery with interactive facilitation
- Blended learning — self-paced pre-reading combined with facilitated group sessions
- Custom packages — bespoke content and curriculum design for your specific context

ALL TRAINING MODULES

Module title	Description	Duration	Format
PROTECTION & SAFEGUARDING			
Protection Case Management in Humanitarian Contexts	A comprehensive introduction to protection case management principles and practice for humanitarian professionals working with displaced and at-risk populations.	1 day	In-person / Blended
Gender-Based Violence (GBV) in Humanitarian Contexts	Equips participants to prevent, identify, and respond to gender-based violence in emergency and displacement settings, with a focus on survivor-centred approaches.	1–2 days	In-person / Online
Child Protection Principles	Introduces child protection frameworks, legal obligations, and identification/response mechanisms for practitioners working with children in humanitarian contexts.	1 day	In-person / Online / Blended
Protection Against Sexual Exploitation and Abuse (PSEA)	Builds organisational and individual capacity to prevent sexual exploitation and abuse by aid workers, and to respond appropriately when concerns arise.	Half day – 1 day	In-person / Online
Humanitarian Protection Mainstreaming	Enables organisations to integrate protection principles across all programme sectors — ensuring every humanitarian intervention avoids causing harm and actively promotes dignity.	1 day	In-person / Blended

HEALTH IN CRISIS SETTINGS			
Rational Prescribing in Emergencies and Crisis Settings	Addresses the clinical and ethical dimensions of prescribing medicines in resource-limited, high-pressure emergency environments.	1 day	In-person / Blended
Sexual and Reproductive Health (SRH) in Crisis Settings	Provides clinical and programmatic guidance on delivering the Minimum Initial Service Package (MISP) for SRH during humanitarian emergencies.	1–2 days	In-person / Blended
Healthy Aging in Humanitarian Contexts	Addresses the specific health needs of older persons in displacement and crisis — a systematically overlooked group in humanitarian programming.	2 days	In-person / Online
Addiction, Withdrawal and Coping in Emergencies and Crisis Contexts	Equips practitioners to identify, manage, and respond to substance use disorders and withdrawal in humanitarian and displacement settings.	1 day	In-person / Online

Module title	Description	Duration	Format
Medical Waste Management and Environment-Friendly Healthcare	Provides practical guidance on safe medical waste handling, disposal, and environmental protection in healthcare settings operating during crises.	Half day – 1 day	In-person

MENTAL HEALTH & PSYCHOSOCIAL SUPPORT

Mental Health and Psychosocial Support (MHPSS)	A foundational course on MHPSS in humanitarian contexts, covering the IASC pyramid and practical application for diverse practitioners. Includes psychological first aid, group psychosocial activities, referral pathways, and staff self-care.	2 days	In-person / Blended
Remote Delivery of MHPSS and Protection Services in Crisis Contexts	Equips practitioners to adapt and maintain quality MHPSS and protection services through remote and digital modalities, including digital safety, remote group sessions, and hybrid service design.	1 day	Online / Blended
Inclusion of Older People and People with Disabilities	Provides frameworks and practical tools for ensuring older persons and people with disabilities are meaningfully included in humanitarian programming, using AGD mainstreaming and Washington Group tools.	1 day	In-person / Online
Cultural Awareness, Identity, and Social Cohesion	Builds cross-cultural competency and supports social cohesion programming — covering cultural identity, religion, community wellbeing, and engagement of community and religious leaders.	1 day	In-person / Blended

HUMANITARIAN OPERATIONS & DATA

Humanitarian Project Management	Provides a practical introduction to project management principles adapted for the humanitarian sector — from design to closure.	2 days	In-person
Needs Assessment in Humanitarian Contexts	Equips practitioners with the tools and methodologies to conduct rigorous, ethical needs assessments in humanitarian emergencies.	1–2 days	In-person
Data Management in Emergency Settings	Builds practical data management skills for humanitarian practitioners working in environments where data quality, security, and timeliness are critical.	1–2 days	In-person
Accountability to Affected Populations (AAP)	Introduces the principles, commitments, and mechanisms of humanitarian accountability — ensuring affected communities have a voice in the response.	1 day	In-person

ACCESS, SECURITY & FIELD OPERATIONS

Humanitarian Access and Negotiation Training	Equips humanitarian practitioners with the principles, frameworks, and practical skills to negotiate and maintain access to crisis-affected populations.	1–2 days	In-person
Security Procedures and Guidelines in Humanitarian Contexts	Provides humanitarian workers with the security awareness, risk assessment tools, and protocols to	1 day	In-person

Module title	Description	Duration	Format
Mobile Services in Disaster Contexts	operate safely in complex and volatile environments. Addresses the design, management, and quality assurance of mobile health, protection, and social service delivery in disaster and displacement settings.	1 day	In-person / Blended
Communication and Visibility in Disaster Contexts	Equips humanitarian organisations to communicate responsibly and effectively — meeting donor visibility requirements while respecting the dignity and privacy of affected persons.	1 day	In-person / Online

TÜRKİYE CONTEXT & LEGAL FRAMEWORKS

Migrant and Refugee Rights in Health in Türkiye	Provides a comprehensive overview of the legal entitlements and access pathways for migrants, asylum seekers, and refugees in the Turkish health system.	1 day	In-person / Online
İŞKUR and Navigating the Labor Market in Türkiye	Provides humanitarian and social sector practitioners with foundational knowledge and practical skills to effectively engage with Türkiye's public employment system (İŞKUR) and support refugee and migrant populations in accessing services.	1 day	In-person / Online
Responsible Practices under EU Regulations	Equips organisations operating in or with Türkiye's EU-aligned regulatory environment to understand and apply key compliance obligations.	1 day	In-person / Online / Blended

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Responsible CSR Engagement	Foundational training on responsible engagement with humanitarian and social issues. Covers EU compliance, PSEA, do-no-harm frameworks, data ethics, and stakeholder accountability.	1–2 days	In-person / Online / Blended
CSR Design & Impact	Builds skills to design, fund, and evaluate evidence-based social programmes — covering needs assessment, project management, and impact communication.	1–2 days	In-person / Online
Inclusive & Ethical CSR	Equips teams to embed inclusion and protection across workplace policy and programmes — covering GBV prevention, child safeguarding, disability inclusion, and cultural competence.	1–2 days	In-person / Online
Corporate Health & Wellbeing	Specialist training for teams in complex environments — covering MHPSS, addiction and coping, healthy aging, and environmental health.	1–2 days	In-person / Online / Blended
